MEMORANDUM FOR: Deputy Director (Plans)

SUBJECT: The Annexed Memorandum

Attached is a short memorandum for the record of a conversation in the DCI's dining room about release of additional intelligence to [redacted] STAT Procedurally, it would seem to me that this matter can best be handled by a joint recommendation from the appropriate levels of the Clandestine Services and the DDI to the DCI. Presumably the DDI could initiate any action for USIB review or approval which seems required.
