TO: AMBASSADOR RIVERO, MADRID
FROM: AMBASSADOR HELMS, TEHRAN

PRIORITY
FEBRUARY 25, 1974

1. Georg von Lilienfeld, the FRG Ambassador here, is an old friend from his Washington days. There is some possibility he may be posted to Madrid as Ambassador although he wants to keep this confidential. He is canvassing Madrid from the standpoint of his family and asked me as a personal favor to see if I could ascertain two things:
   (1) Is there a school in Madrid where classes are taught in English and which would be acceptable for a 16-year-old girl?
   (2) Are there courses at any university in Madrid on Islamic studies and taught in English?
2. By way of explanation, Lilienfeld's wife is or was American and these two children have a particularly American orientation.
3. Would appreciate receiving whatever you can readily dig up on these questions. Warm regards.
