Would you please pass the following message to Ambassador Akins from me: BEGIN TEXT

Dear Jim, We have just received your monograph entitled "War for Oil" (Jidda A-23). May I compliment you on a first-class piece of work! It should be required reading for every editorial writer in the United States, not to mention several officials of the United States Government. Why don't you send it to Bill Bundy at Foreign Affairs? Warm regards and best wishes, Dick. END OF TEXT.
