DECLASSIFIED AND APPROVED FOR  
RELEASE  
BY THE CENTRAL INTELLIGENCE AGENCY  
DATE: 2001

CIG Information Delivered to FBI

1. In the past Mr. Doherty, FBI liaison officer, has been contacting the Dissemination Branches of both OCD and OSO daily to pick up CIG items of information of interest to FBI. These items are delivered reference to source, using a separate memo for each item.

*without*

2. To centralize this collection and to eliminate undesirable duplications, arrangements have been made with OSO that hereafter those items picked out of OSO sources will be forwarded to OCD (Attn: Mr. Burns) for coordination with OCD items, and for combined delivery to Mr. Doherty. The exception to this rule will be those items for which time is of the essence, which will be processed by OSO directly to FBI by the most expeditious means available. In such cases OSO is requested to provide OCD a copy showing the direct action taken.

3. The Dissemination Branch, OCD, will make appropriate arrangements with Mr. Doherty.
