The Department of State, the Central Intelligence Group, and the
Government Printing Office hereby agree that the State Department printing
plant located at 2430 F Street, Northwest, shall be transferred to and
operated by the Government Printing Office, under the authority of
44 U.S.C. 49, subject to the following stipulations:

1. A Policy Committee of three will be established under the
chairmanship of the State Department, and shall consist of
representatives of the State Department, the Central
Intelligence Group, and the Government Printing Office.
This Policy Committee will prescribe regulations dealing with:

   a. Priority of work to be produced

   b. Physical and personnel security of the plant

   c. Any other matters of substantial interest to the
      Department of State, the Central Intelligence
      Group, or the Government Printing Office
      connected with the operation of this plant

2. The plant will be retained in its present location at
   2430 F Street, Northwest, subject to such space adjustments as may be agreed upon by the Policy Committee.

3. The Government Printing Office will review the findings
   and recommendations of the "Report on Survey of State
   Department Printing and Reproduction Plant" dated
   November 15, 1946, prepared jointly by representatives
   of the State Department, the Bureau of the Press and
   the Government Printing Office. At a results of this
   review, specific lists of personnel, material, and
   equipment to be transferred will be prepared and
   submitted to the Policy Committee for concurrence.

4. It is understood that the personnel, material, and
   equipment referred to in the above will be transferred
   from the State Department to the Government Printing
   Office, and that any additional equipment and personnel
   required for efficient operation of the plant will be
   provided by the Government Printing Office.
5. The Government Printing Office, in operating the plant, will conform to the security requirements of either the State Department or the Central Intelligence Group, whichever is the higher with respect to personnel, the operation of the plant and physical security. Security investigations of personnel will be conducted by either the State Department or the Central Intelligence Group as mutually agreed upon between these two agencies.

6. Except for matters of security and job priority, the complete administrative responsibility for the operation of the plant will rest with the Government Printing Office.

7. The plant is to be operated by the Government Printing Office, primarily for the accommodation of top and classified work of the State Department and the Central Intelligence Group. The determination as to the production of unclassified work on this plant will be at the discretion of the Government Printing Office, in order to utilize fully the printing facilities of the plant. The Government Printing Office, at its discretion, will have the privilege of utilizing equipment for the work of other Federal activities; provided, however, that such work shall not interfere with the priority production of classified or special printing material for the State Department and the Central Intelligence Group.

8. The Government Printing Office will be reimbursed for the cost of performance for the State Department and the Central Intelligence Group, respectively, under the provisions of Section 60 of the former Act (31 U.S.C. 763b) for each portion of the fiscal year of 1947 as this plant may be operated by the Government Printing Office. Thereafter, effective July 1, 1947, the cost produced in this plant shall be entered to account classification 60 - Printing and Binding.

9. This transfer shall become effective on or before June 1, 1947, the specific date to be determined by the Secretary of State.
